

# FundEdAssistant

A new support service from the team at FundEd.

FundEd is a time-saving toolkit for School Business Managers, featuring a comprehensive range of proven income generation solutions. It's a highly respected service that has helped schools raise significant additional funds.

But as good as FundEd is, it isn't working for all schools. There are many that desperately want to raise funds, but just don't have the time or resources to get their fundraising plans off the ground.

In thinking through the issues, our 'light bulb' moment came when we realised that we already had a solution. By using the tools at our disposal and the expertise of our partners, we could set up and establish fundraising schemes and programmes for schools, ourselves.

FundEdAssistant works with schools to understand their needs and put in place a plan and undertake activities that would allow them to achieve their fundraising goals and create long term sustainable income streams.

FundEdAssistant	£550*
