Ministerial foreword

I am pleased to introduce the revised Framework Document for the National College for Teaching and Leadership (NCTL). It sets out the arrangements for the governance, accountability, financing, staffing and operation of NCTL.

NCTL has two key aims, to improve academic standards by: ensuring we have a well-qualified and motivated teaching profession, in sufficient numbers to meet the needs of our school system; and to help schools to help each other to improve. It will work towards developing a 0-18 education system which will allow new ways of working to support the best schools, headteachers, and teachers to lead improvements in the quality and training of all school staff.

NCTL's expertise and resources will increasingly be centred on activities that will support the school system, encouraging greater levels of system leadership and local responsibility for improving academic standards.

I look forward to continuing to work closely with NCTL and wish them every success in their work.

Nick Gibb MP
Minister of State for Schools

Introduction

1. The National College for Teaching and Leadership ('the Agency') was formed on 29 March 2013 by merging the activities of the National College for School Leadership and the Teaching Agency. It is an executive agency of the Department for Education ('the Department').
2. The Agency has responsibility, on behalf of the Secretary of State for Education ('the Secretary of State'), to improve academic standards by: ensuring we have a well-qualified and motivated teaching profession, in sufficient numbers to meet the needs of our school system; and to help schools to help each other to improve.
3. This Framework Document sets out the arrangements for the governance, accountability, financing, staffing and operation of the Agency, agreed between the Secretary of State, the Director General for Education Standards and the Accounting Officer of the Agency, and approved by Her Majesty's Treasury (HMT).
4. This Framework Document will be reviewed under arrangements agreed between the Secretary of State and the Agency Accounting Officer by April 2017 (but may be reviewed at any time if they so wish).
5. The next review of the operation of the Agency will be completed by April 2016. Future reviews will not exceed three years (April 2019), in accordance with Cabinet Office guidance.
6. Any amendments to this Framework Document must be agreed by the Secretary of State and the Agency Accounting Officer, and by HMT. Any departure from the provision of this Framework Document must be agreed in writing on a case-by-case basis between the Secretary of State, or delegate, and Agency Accounting Officer, and a HMT Minister if appropriate.
7. Any questions concerning the interpretation of this Framework Document will be resolved, if possible, by agreement between the Agency Accounting Officer and the Director General with responsibility for the Agency and, in default of agreement, will be referred for decision to the Secretary of State.
8. Copies of this Framework Document will be published on the Department's website and placed in the libraries of both Houses of Parliament.

Aims and objectives

9. The Department for Education is responsible for education and children's services in England. We work to achieve a highly educated society in which opportunity is equal for children and young people, no matter what their background or family circumstances
10. The Agency has two strategic aims:
 - i. Improving the quality of the education workforce; and
 - ii. Helping schools to help each other to improve.
11. The Agency will also deliver other functions on behalf of the Secretary of State which, at present, include:
 - i. support the quality and status of the teaching profession by ensuring that in cases of serious **professional misconduct**, teachers are prohibited from teaching;
 - ii. overseeing the induction process for teachers and award Qualified Teacher Status and Early Years Teacher Status.
12. The Agency publishes a business plan setting out its annual and longer-term strategic objectives and key targets as agreed with the Secretary of State at the start of each financial year.

Roles, responsibilities and governance

Permanent Secretary (Principal Accounting Officer)

13. The Permanent Secretary is the Principal Accounting Officer for the Department for Education and, as such, is responsible to Ministers for the overall leadership and operation of the Department, including the Agency, and for advising on, and setting, policies and frameworks and allocation of resources and expenditure for the Department as a whole.
14. The Permanent Secretary's responsibilities as Principal Accounting Officer include:
 - i. ensuring that the Department, including the Agency, uses its resources efficiently, economically and effectively;
 - ii. ensuring the Agency conforms to Departmental and Government policy;
 - iii. being satisfied that the Agency (as with the Department as a whole) has adequate financial management systems and procedures in line with Government standards, operates with propriety and regularity, and is using its funds for the purposes intended by Parliament.
15. The Permanent Secretary has designated the Agency's Director of Delivery as the Accounting Officer for the Agency.

Director General for Education Standards

16. The Secretary of State has asked the Director General for Education Standards ('the Director General') to take responsibility for oversight of the Agency and to line manage the Director of Delivery. In doing so, the Director General will support the work of the Agency by:
 - i. agreeing the budget, strategic long-term and annual objectives (as set out in the annual business plan), strategic performance and management framework, and impact indicators for the Agency before submitting these for agreement by the Secretary of State;
 - ii. monitoring, advising and challenging the Agency's performance against these objectives (including financial performance, risk management and forward planning);
 - iii. advising Ministers and the Permanent Secretary on the Agency's performance and strategic direction;

- iv. ensuring the Agency has the overall delegations and authorities it needs for effective delivery and continuous improvement;
- v. ensuring that the Agency is engaged in Departmental policy developments that affect it and consulted in a timely way on Government-wide policy developments.

Accounting Officer

- 17. The appointment of all Directors in the Agency will be made in accordance with the recruitment principles set out by the Civil Service Commissioners. Remuneration will normally be agreed in accordance with the performance and reward arrangements for members of the Department's Senior Civil Service.
- 18. The Permanent Secretary, as Principal Accounting Officer, has designated the Director of Delivery as Accounting Officer for the Agency. In that capacity the Director will be accountable to the Secretary of State, the Principal Accounting Officer, and the Director General, Education Standards'. As Accounting Officer, the Director of Delivery is also accountable to Parliament for those responsibilities which are set out in an appointment letter and is responsible for ensuring the requirement of the HM Treasury Managing Public Money and Cabinet Office guidance, are met.
- 19. The Accounting Officer is accountable to the Secretary of State for the performance, leadership and day-to-day management of the Agency. The Secretary of State is responsible for the policy framework within which the Agency operates; for determining its strategic objectives; for setting its annual key financial and performance targets (which are announced to Parliament by Ministerial statement); approving Business Plans; and for monitoring performance against targets.
- 20. Ordinarily, the Director General will perform an oversight role on behalf of the Secretary of State, but the Accounting Officer and Secretary of State will also meet regularly to discuss matters of concern with one another directly as necessary. Specifically, the Director of Delivery and Secretary of State will meet at least annually to discuss and review the Agency's performance. The Director will also meet regularly with the Minister of State for Schools and will engage with other responsible Ministers as appropriate.
- 21. The Secretary of State is accountable to Parliament on all matters concerning the Agency, and accordingly retains the right to intervene in the operations of the Agency if public or parliamentary concerns justify it.

22. The Director of Delivery's responsibilities as Accounting Officer include:
- i. effectively implementing the strategic policy set by Ministers;
 - ii. preparing the Agency's annual business plan and contributing to the Department's single departmental plan;
 - iii. efficient and cost-effective management of the Agency so as to ensure it achieves its objectives and targets within the financial parameters set out in the Delegation letter issued annually and supported by Departmental and HMT guidance;
 - iv. ensuring that Agency staff have the necessary delegations and authorities they need for effective delivery and continuous improvement;
 - v. effective leadership and management of the staff of the Agency (Annex 1);
 - vi. ensuring robust financial planning and a full understanding of the costs of the Agency's activities;
 - vii. reporting in a timely manner to the Permanent Secretary and Ministers via the Director General on Agency delivery performance, finance, risk management and forward planning;
 - viii. informing senior officials or Ministers of any novel or contentious business delivery issues which could give rise to substantial media, public, Parliamentary or Ministerial concern;
 - ix. ensuring that the Agency and any providers it commissions comply fully with all relevant legislative and corporate governance arrangements.

Support and challenge

23. The Department has put in place arrangements to provide the Accounting Officer with additional support and challenge. One of the Department's Non-Executive Board Members has responsibility for providing this and exercises this responsibility through attendance at quarterly Strategic Performance Review meetings (see paragraph 33 for details).

Chair

24. The Department has further strengthened the leadership of the Agency through the appointment of a system leader^[1] to the role of NCTL Chair. The Chair provides strategic advice to senior officials and Ministers on all aspects of policy within the NCTL's remit, and acts as an advocate for the school-led system and government policy on teaching and leadership.

25. The Chair's responsibilities include:
 - i. Giving advice to the Secretary of State on matters relating to the national policy on recruitment of teachers and the development of school leaders;
 - ii. Providing advice and challenge to the Director for Delivery and the NCTL senior leadership team to ensure that programmes continue to support Ministers' priorities, specifically the development of the school-led system;
 - iii. Representing the Secretary of State and DfE in sector engagements to promote and drive the move to a school-led system;
 - iv. Gathering intelligence from the sector on the challenges facing teacher recruitment and leadership supply;
 - v. Chairing NCTL's Management Board.

26. The Chair will attend and play a full role in the Agency's quarterly Strategic Performance Review meetings, alongside the Director General and a Non-Executive Board member from the Department for Education.

27. Where the person holding the role of Chair has potential conflicts of interest, the Agency will establish clear protocols for managing these. These arrangements will include:
 - i. The Chair stepping down from roles where such conflicts may be perceived.
 - ii. Not providing advice on the specifics of delivery in a region in which they continue to be directly involved in another capacity.

^[1] A System Leader is a current or recently retired headteacher who, in addition to running their school(s), works with schools in challenging circumstances to support school improvement.

- iii. Playing no role in operational decisions about allocation of funds, designation of system leaders, or awarding of contracts/grants in a region in which they continue to be directly involved in another capacity.
 - iv. Maintaining a full record of any advice given where there is a likelihood that a conflict of interest could be perceived.
28. This post will report directly to the Director General (ESD). The post holder will not play any role in day-to-day decision making or management of the agency itself, which will come under the Accounting Officer.

Governance

29. The Agency will follow the principles of good governance that are set out by the Governance Strand of the Department for Education Review. Therefore the Agency's governance will:
- be designed so that there is a clear line of sight through the system with feedback loops at each level from the top down, supporting the Department's Board and its sub-committees;
 - be light touch as far as possible, not increasing burdens but increasing prospects of successful delivery;
 - be streamlined with as few layers and reporting lines as possible;
 - be fit for purpose: not every activity needs to be managed by a board or using PPM techniques;
 - include clarity of accountabilities and remits (including focus on inputs, outputs or outcomes as necessary and the decisions and courses of action open) across all parts of the structure – with minimal duplication or overlap and clear routes and rationale for escalation;
 - include standardised reporting which is as light touch as possible – and as much as possible, provide a single set of information which can be synthesised for the next tier;
 - have external/independent scrutiny and challenge;
 - involve regular self-evaluation to assess whether the governance mechanisms are effective and adding value, and;
 - be supported by clear structures and processes, good communication and the right people.

The Agency Management Board

30. The Agency will have a Management Board chaired by the Chair and attended by the Agency's Directors and Deputy Directors. Senior officials from within the Department will attend as appropriate.
31. The Management Board will be responsible for addressing the strategic challenges faced by the Agency.

Bilateral Meetings

32. Monthly bilateral meetings will be held between the Director General and the Director of Delivery for the clearance of monthly updates prior to reporting to the Performance Committee (see para 34). This includes updates on monthly delivery plans and programme reports, non-delivery plan business and risk escalation.

Quarterly Strategic Review

33. The Director General will hold strategic performance reviews with the Directors of the Agency, along with Deputy Directors where appropriate. The quarterly meeting cycle that the Director General holds will constitute part of the Department's governance structure for managing the Agency and will inform the termly reporting cycle to the Department Board and Audit and Risk Committee. This will allow the Director of Delivery to present the work of the Agency (for example, delivery performance, expenditure, risk management and forward planning) in the round, and allow the Non-Executive Board Member and the Director General as well as the other attendees to scrutinise and challenge that work in some depth.

Performance Committee

34. The Agency will provide bi-monthly reports to the Performance Committee for the joint delivery plans with Teacher and Teaching Group. Building Block risk reporting will be reported twice a year to the committee.

Department for Education Boards

35. The Department Board provides strategic and operational leadership for the Department, with a major emphasis on monitoring progress against the Departmental Delivery Plans. All Ministers sit on this Board, along with the Permanent Secretary, the Directors General and four Non-Executive Board Members.
36. The Department Board has three main committees; The Performance Committee; the Management Committee; and the Audit and Risk Committee. This governance structure will ensure that Ministers and senior officials supported by the Non-Executive Board Members can provide strategic leadership for the whole

Department. It ensures the efficient and effective management of the Department.

37. The Agency's work will feature in the joint Delivery Plans with Teachers and Teaching and the Early Years, Child Poverty and Strategy as well as in the Director General's regular reporting. The Director of Delivery may be asked to attend any of the Committees or the Department Board to answer questions about the Agency's work.

Department's Audit and Risk Committee

38. The work of the Agency will also be subject to scrutiny by the Department's Audit and Risk Committee, a sub-committee of the Department Board which focuses on departmental and Executive Agency accounts, financial risks, accountability and propriety, as well as providing independent assurance to the Permanent Secretary in his role as Principal Accounting Officer. It may also make recommendations to the Principal Accounting Officer and the Board on the Agency's risk management.

Relationships within the Department and with other bodies

39. The Agency will work with Departmental policy teams and other Agencies to advise on and effectively implement the strategic policy set by Ministers. The Agency will also work collaboratively with other bodies, including other government departments that have an interest in its work.

47. The Agency's Accounting Officer is required to provide assurance that the Agency's funds are used for the purposes intended by Parliament, are properly accounted for, and that the Agency has in place an effective and appropriate system of internal control. That assurance will be provided through the Agency's Governance Statement which must be signed annually by the Accounting Officer.
